yet as this great editor was accepted by the "which conveyed a meaning that he did not democratic party as their candidate for the presidency, the small editors who run the Wade Hampton is ablain speaker. His pretimes he fitly answered, addressed or charec-tertized in a style corresponding to that which he was acquistomed to use when his Jackson fought. redord as he made as an assistant thief. Defending Slater's salary grab, he says: "Gares, which may all be found, on alialysis took the money, and was one of the last to reou da't join the democrats open y, but went General Carleld naver touched the money

One of the test evidences that the can sue of South Carelina is fraudulent is found in the discrepancy between returns of population and returns of property. While it is claimed that the population of the state has increased forty-three per cent, in ten years, there has been a decrease of wealth almost as remarksble as the increase of population. Since 1870 the value of land is reported to have decreased by more than \$23,000,000, and the reported miniber of but dings is less by 2 610 than ten Then Govern or Gatesion and his generation for a sesistants through an infamy unequalled in confirmed by a recent official report of the our politics. counted the behabilean auditor of the state, which report also shows the state is less by \$40,000,000 than three years since. Not only do the returns show minished number of houses, but they show to-day, turns both on national issues and on also that the number of domestic animals becal questions, including the acts of this adayation to personal property have Garcelon conspiracy. The republicans explained the decreased. Of course it is impossible ct a majority; how large is a matter of con- that the state should have increased its popjecture, but any majority when the results of the ion under these conditions to the extent tholast we deptious are considered, will be reported. We are asked to believe that a victory. Should it be nome thousards, as whereas ten years ago there were 705,606 persons the few of the conditions to the extent to the conditions of the extent to the extent to the conditions of the exten victory. Conduct it be some thousands, as the first in 14.548 houses, there are now in the same direction as the increased inputs 990 324 people living in 121,936 houses. Men don't accumulate wealth and decay in that

THE ORDER LEGISLATURE. at Philadelphia, Pa. It will be composed of delegates from almost every country in Europe, and from various countries in the s no sension to elect political or partylogon, other continents. The whole number of tions are not likely to give much troub eather commissioners will amount to several hundrede, for the reception of whom the Philation of a senator consumer balf or two Mith delp sians are making provision. The largest of the alloted time; but this has its company, hall in the city is being fitted up for their ac-sations, as the time the time in the city is being fitted up for their acmischievously constained in this way than in of representation may be gathered from the legislative jobs siwaya possible on successors. Sect that the largest body of that church in tions. What is so is granted against come the United States, which has over 5000 minis-monly is too much exhibition rather than too, ters, is entitled to only only delegates—one little. The world is governed too much in half being multitles, and the other half general, and Oregon too much in paritimlar, elders. Among the former we notice the It is difficult to name any legislation of which Dame of our ellow-townsman, Rev. A. L. there is crying need, that we are very pertain Linealey, D. D.—the only commissioner west of getting. If we might judge from owner of the Mississippi siver, and chosen to repre-experience, we shall get no obserge in the sent the Pacific Coast. His senction is fit-laws relative to valuations of proper y for ling, and a compliment to Oregon as well as

many cases reach exception sensis; the commerce of the state will get no relief from the, inglon territory, and organs of Bourbonism spilot monopoly at the mouth of the asylum for the inglos will be regulated to the saylum for the inglos will be regulated to the saylum for the inglos will be regulated to the saylum for the inglos will be regulated to the saylum for the inglos will be regulated to the saylum for the inglos will be required to the regulated by his present of the saylum for the inglos will be repeated to any the respected to any change therein. And yet the regulated by his being respected to any change therein. And yet the regulated by his being respected to the territory baye been recognized by his morthage therein. For we train the ingloss the regulated by his being placed to the territory baye been recognized by his botheteritory baye by been recognized by his botheteritory baye by to justify a belief that it is possible to get a storoughly open and candid, always abovers legislature which will take held of scane of to the call of duty and never these subjects. Of course there, will not be misleads nor disappoints those who give wanting private softeness enough, nor will a him their confidence. So rare is it that a candidate is remominated in Wash-Members can get salighten more on these sublects without frouble to themselves; but who pot tikely that the session will pass without attenuiton of his worth; and any vigorous the usual effort to get legislation for specia. attem at to defect him will only increase his majority, which may set down as anywhere from 1000 to 2000, according to the success of If the opposition in making a fight that will call

Members of the legislature and others sojourning at the capital during the session will take notice that THE OREGONIAN will be delivered each morning at Salar. to fill any order. The paper will be indispensable as a medium of news, as it will contain not only Portrand can hardly expect to see the session Portland can hardly expect to see the session gray in through, we specifi reposters, but also pass without the usual attempt on the past without the usual attempt on the past without the usual attempt on the state and the northwest, topublic gelher with full te egraph o reports from the east aggregating from five to seven thouble syndicate of "puts" another chance. The actions of legislation as practised in Oregon has not usually been pitched on the bighest count of the importance of the pending polit-plane of ideal are assuminable: the legislative plane of ideal statesman.ship; the legislative and full news of the progress of the comparison and full news of the progress of the comparison of the comparison of the progress of the comparison of the progress of the comparison of the progress of the pr and the returns of the preliminary elections cepts of Burke and the principles of Ben than as the snort of greedy appetite has delved and roots for what could be found in the way of plunder. That mai administration of which the state has had so much the court of which the state has had so much there or through S. A. Moreiand, special respectively in the human state.

reason) to complete has been due largely to porter in the house. It is understood that Hon. Geo. H. Wit-Hams is on his way to Oregon, and that he will probably a rive in about a week or ten hility. Partiy because the present legislature will probably a rive in atout a week or ten tending to an easy and regular grade, and that stopic of being interest days. He comes on private business, though that now the state shows the will make several speeches in the state show the state. Such indeed, is his expectation, peoflips in forwar that the state show essessing will allow him times believe that the state show it may be the state that the state show it may be the state that the show essessing to the state that the show it is not to the state tradic. The VE to is regularly owing to important matters requiring his attention to the hands for reformers and jobs cannot term in oregon later than the 20th for private ands. The people will be glad to October. It is prestly to be hoped that he will be come to make speeches at a number of the session prosee this verified as work of the session prowill have time to make speeches at a number
ceeds.

Of points in the state, as we have no much who whom the prope would be so glad to hear.

the greatest critics this country ever produced, used to esclaim when out of all passages with violatest of the winth commands the latter was 'indiscree;" when he denied Country Indian H. C. Koy London ment, "You lie you villain, you lie!" So that his remark had been correctly reported.

amut-machine origins of that party may at vious speeches are to accord with this one, times he fitly answered, addressed or charce. Above all, the told the truth at Stannton. These are the principles for which Lee and

THE OREGONIAN will receive full reports of legislative proceedings by telegraph. Readers may be assured of finding in this of the day before. The mails are too slow for and hence we shall rely on the telegraph exclusively for transmission of our repor other full report will be telegraphed or pub-Hahred.

It is liardly probable that he governor's message will be delivered before Tuesday. It is said to be an important document, conteining an exhibit of the business of the state the results of the administration of the "organized offices "

Coneral Butler's Sew Position Gen. Butler, now an active and recognized demourat, occupies a different position in democratic cateem from that he held a few years ago, when he was "the beast," a "spoon thief" and all that. Also be affection for the solid south, is of recent data. In 1862 he wrote, and publicly posted in New Orleans the following order:

ncation. By command of Ma), Gen Eutler UEORGE C. STRC NG. Amistant Adjutant General, Chief of Staff.

space.

"Sir, f owe you my thanks," she said.
"Mademoisells, the day will come when you
will repay me your debt in full," he replied, :

will repay me your door in ithit, me replied, and left her.

What did he mean? His words, the man himself hannted her. How brave and full of courage he had been! How nobly he had come to her relief! How generously he had nettered no word of reproach, or of the truth that she had brought all one herself. I she had not been a Prussian she might almost have liked him. As it was—but sue got no further than this. She bruke down in a storm of learn.

than this. See muse count is

A week later the troops, all but a small reserve
are ordered out for a sortic. Paris had been in
size and must soon capitalste.

With all her heart Marie prayed night and day
for success to the flug already doomed. That her
cause could be het seemed to her impossible.

Now and then the winds bore to her the boom
of cannon. They were lighting not farjoff and
among them was the man she had treated with
most inclaimful contents.

such distainful contemp.

The third day the fighting cessed—the Prussians were victorious again; but all night long they were by nging back the dead and wounded to the intile town. to the little town.

It was just daybreak when a squad of soldiers halfed at her door. She had not dreamed of undressing during the night. A nameless dread had tottured her. She knew at this moment, what it was, as she went down and threw open
